

CrystalWay CGLine+

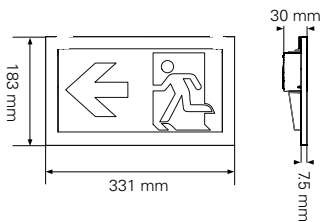

Exit Sign Luminaire

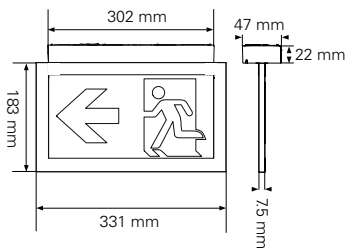

CrystalWay CGLine+

- Exclusive exit sign panel luminaire with LED light guide technology and automatic test for reduced inspection effort
- Maintained, 3 h operation
- For autonomous installation or connection to the CGLine+ monitoring system
- Concise design with highly transparent frame and replaceable inner screen-printed pictograms
- Includes set of pictograms (ahead, arrow right, arrow left)
- One box solution for wall or ceiling mounting
- Expandable with extensive accessories, e.g. housing for ceiling recessing, wire suspension
- Unobtrusive, thin & slim electronic base (Height: only 22 mm)
- Minimum maintenance effort and increased safety via use of LEDs with high service life (up to 250,000 hours)
- Simple fault analysis and status display via bicolor LED and testing button
- 1 minute switch-back delay after mains return

Wall surface mounting

Ceiling-surface mounting

Viewing distance	24 m
Operation mode	Maintained
